ITEM #06 – MAYOR AND COUNCIL MEMBERS: REPORTS OF CURRENT EVENTS; FUTURE AGENDA ITEMS

Mayor Teso: Anybody have any current events to report?

Councilwoman Rogers: Mr. Mayor, I just wanna give reports about what's going on in the 1.2 mile city. Because a lot of Council members don't know what the east side is going through. There's only one of us who is on the east side, that's me. So, Thursday and, let's see, Thursday, anyway, I got it all, there's been three major fires at, at the Spanish Trail with the (inaudible) etcetera. I'm gonna get to how much we have to be responsible for what's going on. Because at the restaurant where you enter the city, Welcome to the City of South Tucson, is 100% destroyed for the last ten to twelve months. And it's nothing being done. Nothing. I tried to take care of things for, for instance, separate from that, past the restaurant, Mr. Luttrell owns all the way around to 4th Avenue. And right now, Chuck Huckleberry has got in there, Dennis sold a (inaudible) for, I'm gonna guess, I'm gonna say septic, but it might be sewer, sold that to Pima County. And all of those people, like Borderlands and another one that watches over their pipes and stuff, they're afraid to death that they're gonna get blown up because they're digging twenty feet (inaudible) but they are propane below, the other company, etcetera, but they've watched all three fires. And they said could I do anything about the, the restaurant. I said no, there is nothing whatsoever of any of that that Dennis owns. And the person apparently (inaudible) Dennis closed February of 2018. It is now February of 2021. And I have all the paperwork and all the pictures of what was going to happen, with the Morgan and Volk. All the pictures in the hands, etcetera. And that's the only reason Mr. Luttrell sold it to him, because there will be 57 units restored in the back especially for Vets. Okay. And then they sold now for twice as much to somebody who lives in Oro Valley and is never there. The office is closed. People don't really get their mail. "FU Jesus" is all over the restaurant because they're mad at Jesus. So, the people come to work and some people don't understand this, but Vail, which I'm used to Vail, 800 cars a day come down and exit, Welcome to South Tucson, to go down 4th Avenue, which is less busy than 6th, to do their work at the Courthouse, etcetera. So, you need to all ride over and take a look at what's happening. So, for the last six months, all the buildings in back that burnt down with the first fire, they are 100% with "bitch, bitch, bitch," and all the, all over with no comment from the City. No comment. This can't go on and us take a stipend, seven people. It can't. I have to answer. I tell 'em, I know

I'm responsible for a 1.2 mile city. But I don't (inaudible) I'm talking that you know about it, so the black cloud started on Thursday of which I've repeatedly told the police I don't get along with our cops so much because they pretty much tell all of the, I don't call 'em the homeless. I call them the (inaudible). They, they could help me pick up all their garbage, which I pick up seven days a week. But they tend to tell 'em to go across the tracks, which is then Tucson. But they come right back to Mr. Luttrell's, which is now, the 50 feet is now Mr. Huckleberry's, etcetera. And I had to get Church on the Street to take down a house they built out of pallets. And they had two fireplaces in there. I know we can't do 24/7, but right now, the two Borderland and the other guys that work about this thing going in, they have hired, they said, "Rita, we get off at midnight so we've hired security from midnight to 4:00 a.m. and we'll make sure that the next batch coming on, the security guard won't leave until the second set comes on." So, they're working 20 hours a day so that they only have to hire security for four hours. So, I tell 'em, but I'm one-seventh, but I care about the City and I care very much for the east side. And I care very much about all the people. I think I know a total of six, total of six that are (inaudible) and I'm trying to find places for two of 'em, but (inaudible) shopping at El Super instead of Food City because we have to get 'em out of South Tucson. So, this is my input that the rest of you need to know and then I can't do any more than say I let 'em know. You gotta take the drive through. You would not believe it. I know that Dennis wasn't an all perfect, but he cared about the people. And I tell you what, he had two workers and Silver Saddle would say, "Oh, I just love Dennis because every time there's graffiti, he (inaudible)." I said, "Yeah, it does or his two janitors would be gone." But it's been going on like this for a year. For however long, it's been like this since Morgan and, Morgan Abraham and Volk. And now even (inaudible). And what we're teaching the people is you can come here and if any time you want, for any reason, because nobody cares, it's unoccupied, it's vacant. That's totally false. It's owned by a person from Oro Valley. It's not. It has a boss. But they don't see it that way. And not just another (inaudible) for example is I don't know the name of the cops of, that we have here. You guys know 'em. That group that we trained to be cops. What's the name of that program?

Vice-Mayor Lopez: Explorers.

Councilwoman Rogers: The what?

Mayor Teso: The Explorers?

Vice-Mayor Lopez: The Explorers.

Councilwoman Rogers: Yeah. Well, I thought maybe it was them, but on this past Saturday or Sunday, Saturday, 'cause the fires were Thursday, two on Thursday, and one on Friday, but then Saturday, this is very interesting, if I'm not (inaudible) it would, they'd have been over there. But there's five men. I don't know if I'm allowed to say men any more, but five persons that were walking, all in black; black shirt, black jeans, etcetera, looked really (inaudible). And I jumped out of my car and I said, "Go." And (inaudible). Why are you saying that? I said, "Because you don't own this place. I'm on duty." And they were walking Dennis's (inaudible). And I, I said, "What are you trying to do?" "Well, we wanna go over and see how much trouble the fire did." So, five in all black outfits, so I truly didn't know if it was Antifa or that group of maybe the cop said, "You guys can go see what they've done," or something. But I got (inaudible). But it's every day. And that's the City of South Tucson. And we're getting a real name and there's a little organization trying to get 9

On Your Side out. So, I said, "All I can do is tell the rest of the Council, under Council Reports, what's going on." It's very criminal. And I'm sure that you know the Circle K there, by us, the murder yesterday.

Mayor Teso: Right.

Councilwoman Rogers: Yeah. Uh huh. And, two murders, but one was murdering the murderer. Yeah. That all, that's where the people here in the east, South Tucson go to that. They don't go to this Circle K. We go to that one. So, I'm glad I got this off my (inaudible) because I don't wanna be responsible that you all just stay on the west side and nothing happens on the east. It's the worst. I would not be surprised, you think you (inaudible) somebody down. I wouldn't be surprised if (inaudible).

Councilman Romero: (Inaudible) ...

Councilwoman Rogers: It's a, ...

Councilman Romero: ... (inaudible) ...

Councilwoman Rogers: ... I'm serious.

Councilman Romero: ... move to the east side there.

Councilwoman Rogers: I'm serious. I want you to. Thank you very much.

Councilman Romero: Did we have, Mr. Mayor, can we have Mr. Yu look into what options we've got and what we can do?

Mr. Yu: Mayor, members of the Council, the Code Enforcement Officer cited the property owner into Court regarding all the violations.

Councilman Romero: So we're moving ahead on ...

Mr. Yu: Yeah.

Councilman Romero: Rita, you only had three minutes.

Councilwoman Rogers: I know about that.

Vice-Mayor Lopez: I thought I'd let you know, Mr. Mayor, Rita, that our, our youth, our Police Explorers, they wear military camouflage uniforms. They're more black. These things you saw from the Police Department ...

Councilwoman Rogers: Oh, ...

Vice-Mayor Lopez: ... (inaudible) ...

Councilwoman Rogers: ... (inaudible).

Vice-Mayor Lopez: ... (inaudible).

Mayor Teso: Are they active right now?

Councilwoman Rogers: (Inaudible).

Mayor Teso: They're not active, right? They're ...

Councilwoman Rogers: I would ...

Mayor Teso: ... not.

Councilwoman Rogers: ... not know that and I would (inaudible) ...

Ms. Moreno: Excuse me, ...

Councilwoman Rogers: ... (inaudible) ...

Ms. Moreno: ... Rita, (inaudible).

Mayor Teso: Yeah, the Explorers haven't been active for a couple of years already, I think. They've not been working. We ran out of funds to support ...

Councilwoman Rogers: Yeah, ...

Mayor Teso: ... them.

Councilwoman Rogers: ... it was very strange and they all wanted to head, and that was after the third fire. So we don't need people using Mr. Luttrell's land, for him to get punished about his land which is clear except for brush on his 12 acres. We've got Huckleberry's group working on stuff for a month and maybe a month more. So, it's not gonna end. You need to drive by and you need to take the correct roads.

Mayor Teso: Alright.

Councilwoman Rogers: But anyway, I am aware that there's going to be a hearing. But in the meantime, I can't take another fire. But mostly, my people can't. They're old.

Mayor Teso: Yeah.

Councilwoman Rogers: And they're (inaudible), "Rita, there was a third fire." And I said, "Well, I wonder what happened. Okay. I'll get somebody." They don't even come out any more. You know, one-fourth of it's gone.

Mayor Teso: Right.

Councilwoman Rogers: So that's just empty, but there's 100% crime. And the police used to, back in the day when Dennis owned it, they used to come by on every shift. I never see 'em. Unless they're called for an emergency. But that's the end of my (inaudible) under Council Reports.

Mayor Teso: Okay. Anybody else have any reports?

Vice-Mayor Lopez: Yes, I do. We've, I've been meeting with Chicanos Por La Causa and with LULAC. So, on one of the groups, which is LULAC, on March 31st, which is Cesar Chavez birthday, we're having a little nine-block march with a minimum of 10 people starting from South Tucson and going all the way down South 6th Avenue to Five Points where they actually have a Cesar Chavez statue there that's going to be unveiled, a new one. So, the time hasn't been provided to me as to when it's gonna start, but just thought I'd bring the Council, make us aware that, that it's something that I would like all of us to participate because it's one way of showing our partners as to how we move our City forward that we are interested in their events as much as we want them to be interested in ours. So, hopefully you all can attend this. And I will continue putting out more information on this. Or I'll have the City Manager go ahead and put it in there to send it out to everybody. She has that email list already.

Councilwoman Rogers: Did you say a time?

Vice-Mayor Lopez: No, there's no time yet.

Councilwoman Rogers: Oh, okay.

Vice-Mayor Lopez: It's almost two months away from before it happens, so they're still working on the plans. That's all I have, Mr. Mayor.

Mayor Teso: Okay. I think being that it's, we're still in, under COVID conditions, that the, the group will be limited to a maximum of 10 persons that would be marching for South Tucson. There's other groups, there are several other groups that will be invited.

Vice-Mayor Lopez: I'll read out the names. So we've got us, the City of South Tucson, the City of South Tucson, us, City of Tucson, and then we notified the Barrio Santa Rosa Families, the neighborhood, and also Barrio Viejo. And hopefully, that we can add Barrio Libre to, to this so that we can invite our South Tucson and to see whether they're interested in doing this as well. So, we've got a nice group of people interested in this. So, hopefully it continues to grow. That's all I have, Mr. Mayor.

Mayor Teso: Okay. Thank you. Anybody else have any current events?

(No other current events from the Council)

Mayor Teso: Okay. Just, I have been talking with Mr. Demion Clinco, who is the head of the Tucson Preservation Society, I think it's called. But it's a, a, he's been helping a lot with historical type issues in the

County, basically. And so, we, what was it, about a year and a half ago, I think, yeah, but Mr. Vidaurri and myself and, and Vice-Mayor Lopez, we went to meet with Mr. Clinco and Pima County, downtown there, and we asked, they were asking us about, or let me say we were responding to their request about assigning somebody to the Tucson Historical, Tucson-Pima Historical Commission. And they came up with a name, a year and a half later, but they came up with a name and so they have asked, they have asked if we would consider placing a Mr. Carlos Lozano as, to be our representative on this commission. And he would take over looking, I guess the position has actually been vacant for, since 2017, so they asked to, if we would accept Mr. Lozano as, as their, as our appointment to this commission. And I would like to invite them to come in and maybe give a little presentation about what the commission is and what they're doing and I know that we were kind of involved with them a little bit. Actually, with the State about getting the, the Highway 80, what ...

Vice-Mayor Lopez: Eighty-six.

Mayor Teso: ... is it, 86, right, yeah. And, and putting some signs on there as part of that project of converting the, that highway into a historical highway. And it goes all the way down to, I think, Douglas or somewhere. But we have a small portion, obviously, of that, that highway which is the 6th Avenue portion. We're supposed to put some signs up at some point in time. And, in any case, yeah, I think they would be evaluating some of the historical sites that we have around South Tucson, which would probably include the Casino Ballroom, the little auction house that's right in the front of La Frontera, and other, I think Mr. Clinco was very interested in, in old houses, so that, that has historical value, so we probably have a number of those here in, in the City. And he'll, he'll probably be looking at some of those properties at some point in time in the future. But we can bring him in to come and take a look at the, at, at, you know, what we have here in South Tucson and maybe information that they've collected in the past that we don't even know about, to tell you the truth. You know, so we'll see what they have for us. I'm not certain, I would think that probably we can't invite him until maybe March, maybe in April, beginning of April sometime. So, look forward to that. Okay. Do we have any future agenda items?

(No future agenda items from the Council)

Mayor Teso: Okay. If there are no future agenda items, we'll move over, over to Item #07.

ITEM #07 – CITY MANAGER AND DEPARTMENT HEADS REPORTS TO MAYOR AND COUNCIL

Ms. Moreno: Yes, Mayor, members of the Council. I wasn't prepared to make a report nor did I choose to make a report on Spanish Trail because (inaudible) to point out to any specific property in South Tucson, especially on the record. But I do share Councilwoman Rogers' sentiment and concern and annoyances, aggravations, and go on and on with the list full of, you know, what we ought to do, we can agree with the appearance and the blight of Spanish Trail. And I think this has been like an ongoing conversation as long as I've worked here. And I don't want to point out any particular property owner, but that property in particular is the gateway to the City.

Mayor Teso: Right.

Ms. Moreno: Whether you're coming or going in either direction, going east or west. And, and not that property, but all the properties in South Tucson, I think we should definitely make sure that we do the best we can to make sure (inaudible) to keep these properties in compliance and prevent any potential criminal activity taking place, especially when you see the same type of activity like fires taking place, you know, back to back ...

Mayor Teso: Right.

Ms. Moreno: ... days. And we've had our own conversation with the other jurisdiction that helps us with fires. And not to get too much into that, but I do share the same sentiment and it is very ugly and it's horrible what you see; the graffiti, the fires. And I'm happy to finally see that the property owner is going to be having a hearing before the Judge next week where we can have the Judge, hopefully, make that, you know, final say so in what they need to do to abate the problem and hold them more accountable. So hopefully, before the end of this month we'll see some changes taking place there or that structure that we see, you know, getting burnt is completely demolished. And any time (inaudible) properties, you know, like we've reported in the past, you know, all the properties that our Code Enforcement, our Building officials have been working on with regard to, you know, Notices of Violation and things like that, if there's any property that you see that are out there and you'd like an update on, hey, what's going on, or do you guys know about this property, Councilwoman Rogers, always feel free to come and talk to me and I'll make sure that, you know, we make that a priority because there is a lot out there that, you know, we can only do one at a time. But when you talk about those major ones, we need to make sure that we're taking care of them and it is a priority because after all, we want to make sure that the image of the City is not looked at upon as if we're just like ignoring the problem when it's all in our faces. So, and we would hate for the local media (inaudible) was to come out like 9 On Your Side and tell us what we already know. So, yes, I agree with you.

Councilwoman Rogers: Okay.

Ms. Moreno: Thank you.

Councilwoman Rogers: Mr. Mayor, I'd like to respond to that. I totally disagree with Ms. Moreno about area that, that Mr. Luttrell ran what's going on there from 1992 to 2018. (Inaudible) who just died in December 20th, at 91, was in the back with two loaded guns, two dogs and three cats. Dennis's mom was back there, and Dennis's son was there. And when the graffiti came, you people, and get the gal from Silver Saddle who thanked us repeatedly, "Dennis, thank you so much for getting the graffiti all back to gold the day it came out." Dennis's people that worked there, on Friday night before they left it, there was new graffiti they needed to paint it and by Monday morning, they checked as well. So, we have pictures. And we have pictures (inaudible) Charlotte and I, etcetera. So, it was not a di-, uh, they were proud Silver Saddle people waiting outdoors so that what, didn't say "FU" all, for the last year now, the last ten, twelve months, we have to own (inaudible). But don't ever put it on that Mr. Luttrell treated people like that.

Ms. Moreno: No, absolutely ...

Councilwoman Rogers: He ...

Ms. Moreno: ... not.

Ms. Moreno: ... would never do that to tenants and take their rent.

Ms. Moreno: I'm sorry. I didn't, I didn't mean it that way, Councilwoman. I was just saying that, you know, that I agree with what you're saying and that what we all see that has been going ...

Councilwoman Rogers: I just want ...

Ms. Moreno: ... on.

Councilwoman Rogers: ... it in the minutes.

Ms. Moreno: No, that's fine. Thank you. So, I just wanted to comment on that, Mayor. In addition to, to that, I also wanted to let Mayor and Council know that the next regular scheduled Council meeting is Tuesday, February 16th. And if you recall when Tom Belche was here from the League, there was a lot that he said in our presen-, his presentation with (inaudible) about the Mayor and Council form of government. He also recommended, in his presentation, that we work directly with Southwest Risk, you know, so we can have employee training, department head training. So, in my conversations with Southwest Risk recently, an upcoming training that I think would be good for the Council is on, not on the Council, but on the Council and the department heads and front line supervisors is a training having to do with hostile work environment. We haven't had that in quite some time. So, the calendar allows, on their side as well as ours, for them to come down to make a presentation and a training on hostile work environment. And I think it would be good for all of us, as department heads and the elected officials, as well as front line supervisors, to learn about what it is, how to recognize it, and how to raise any concerns when it has to do with hostile work environment at all levels. So, that's on the agenda for February 16th. We will also be having a report from our newly appointed Housing Director, Betty Villegas, on the status of the Housing Authority. She's been quite busy and she's done a lot in the last 30 days or so. As far as, let me give, probably the first meeting of March, I think, or actually, the second, March the 16th, we've invited Stifel to come down to provide Mayor and Council with an update. And they're the financial advisors that have been engaged to look into what the City can do in regard to the unfunded liability with Public Safety Retirement.

Mayor Teso: Good.

Ms. Moreno: And that's it. That concludes my report.

Mayor Teso: Thank you. Okay. If there are no other reports from department heads, we'll move onto Item #08.

ITEM #08 – EXECUTIVE SESSION PURSUANT TO A.R.S. SECTION 38-431.03(A)(3)(4) – UPDATE: POTENTIAL LIABILITY RELATING TO PUBLIC SAFETY PERSONNEL RETIREMENT SYSTEM (PSPRS) PENSIONS

Ms. Moreno: Yes. We need a motion to exit Regular Session and convene into Executive Session.

Councilman Romero: So moved.

Vice-Mayor Lopez: Second.

Mayor Teso: Mr. Romero.

Councilman Romero: Aye.

Mayor Teso: Ms. Rogers.

Councilwoman Rogers: Aye.

Mayor Teso: Mr. Diaz.

Councilman Diaz: Aye.

Mayor Teso: Mr. Oyegbola.

Acting Mayor Oyegbola: Aye.

Mayor Teso: Mr. Lopez.

Vice-Mayor Lopez: Yes.

Mayor Teso: Aye. We are now in Executive Session.

Mayor Teso: Being back in Regular Session, we move onto Item #09.

ITEM #09 – DISCUSSION, DIRECTION AND POSSIBLE ACTION RELATING TO PUBLIC SAFETY PERSONNEL
RETIREMENT SYSTEM PENSIONS

Councilwoman Rogers: Oh, Mr. Mayor, I just want to see if Mr. Yu can tell me if I can ask it (inaudible) it's about Fire, about Fire. Does any of this voting yes on this, or no, or whatever, does, the fires that I've been to for the last three days doesn't seem to be much of South Tucson there. So, how does that all work out with what we're doing here? Yeah, I'm saying there's like eight trucks and two ambulances and people from other places guarding the Interstate and all that. Does that, do we have to pay for that?

Councilman Romero: No.

Mayor Teso: Ms. Moreno.

Ms. Moreno: Mayor and Councilwoman Rogers, the City of South Tucson has an intergovernmental agreement with City of Tucson for automatic aid. So, in the event we have a structure fire, the City of Tucson will come and assist. So, that's when you see other agen-, well, the City of Tucson come in to assist during that structure fire, through that IGA. And it's only for structure fires here.

Councilwoman Rogers: Okay.

Ms. Moreno: And it's at no cost, but the contract does state that they can charge.

Councilwoman Rogers: (Inaudible).

Councilman Diaz: I think you're asking, also, that because there's a fire in South Tucson, the fire department responds also. The people that are assigned for that shift, is that part of how the (inaudible) regards to the payment for that particular shift?

Ms. Moreno: Mayor Teso and Councilman Diaz, no. Once we have arrived to being now known about this issue that was discussed in Executive Session as it pertains to Public Safety and criterias within the statute, we have worked closely with the Police Chief, the Deputy Public Safety Director, to make sure that the schedule is such that there is no, that it stays in compliance or, or, I could say the (inaudible) in compliance with State law. So, we, we make sure that we do not put the City in any potential liability when we schedule our Reserves. So, any time there is a fire and with the current schedule, and the current model, there is no conflict with current statutes as far as membership criteria.

Councilman Diaz: Thank you.

Mayor Teso: And I think we're looking for some direction, right?

Ms. Moreno: Yes.

Mayor Teso: Does anybody have a motion on, any direction to be given to staff?

Vice-Mayor Lopez: Mr. Mayor, I would like for this Council to authorize staff to continue working with, with Stifel and continue working with the attorney that we hired so that we can continue finalizing the process. Yes?

Ms. Moreno: If I may, Mayor, just to make sure we get clarification on the motion that Vice-Mayor mentioned, what we're asking, if I (inaudible) with the motion, so we're asking City Attorney, make sure that I work, (inaudible) asking that Mayor and Council make the motion to direct staff to move forward with the items discussed in Executive Session.

Councilman Romero: So moved.

Ms. Moreno: Is that the motion you wanted to say?

Vice-Mayor Lopez: Yes, yes.

Ms. Moreno: Okay.

Vice-Mayor Lopez: Thank you.

Ms. Moreno: I don't want to read your mind, but I think that's what you were trying to convey.

Vice-Mayor Lopez: Thank you.

Mayor Teso: Do we have a second on that?

Vice-Mayor Lopez: Bob did.

Mayor Teso: Okay. Alright, moving onto Roll Call.

Mayor Teso: Mr. Romero.

Councilman Romero: Si.

Mayor Teso: Ms. Rogers.

Councilwoman Rogers: Aye.

Mayor Teso: Mr. Diaz.

Councilman Diaz: Aye.

Mayor Teso: Mr. Oyegbola.

Acting Mayor Oyegbola: Aye.

Mayor Teso: Mr. Lopez.

Vice-Mayor Lopez: Yes.

Mayor Teso: Aye. Motion carries.

ITEM #10 - ADJOURNMENT

Mayor Teso: Do we have a motion?

Councilman Romero: So moved.

Vice-Mayor Lopez: Second.

Mayor Teso: Okay.

Mayor Teso: Mr. Romero.

Councilman Romero: Yes.

Mayor Teso: Ms. Rogers.

Councilwoman Rogers: Aye.

Mayor Teso: Mr. Diaz.

Councilman Diaz: Aye.

Mayor Teso: Mr. Oyegbola.

Acting Mayor Oyegbola: Aye.

Mayor Teso: Mr. Lopez.

Vice-Mayor Lopez: Yes.

Mayor Teso: Aye. We are adjourned. Thank you all.

The meeting adjourned at 7:00 p.m.
